

## PRODUCT FEATURES

- Kromekote Enamel 100lb text matches Kromekote cover in brightness and gloss for seamless crossovers.
- A true “cast coated” paper triple coated for superior smoothness, gloss and minimal dot gain.
- Its brighter blue-white shade will enhance your printed piece providing crisp, clear images for maximum contrast.
- Exceptional high-speed runnability and quick drying time saves money and production time on press.
- Kromekote Enamel can be printed utilizing the latest printing processes (i.e. – high resolution, direct-to-plate, Stochastic, waterless, etc.) allowing full application of image reproduction technology.
- Improved coating allows for flexibility and limits cracking and dusting.
- Kromekote Enamel is designed for:
  - Annual Report Text Pages
  - Book Jackets
  - Brochure Text Pages
  - Calendars
  - CD Inserts
  - Photo/Art Prints
